through the winding is passed. Some of the basic terms related to the Armature Winding are defined as follows:

What is a Armature Winding? Turn, Coil & Winding - Circuit ...

The Bradford Armature Winding Company Ltd is a medium sized business founded in 1919 with our head office located in Bradford, West Yorkshire. Our vision was to not only provide an outstanding range of products, but to also be able to service and rewind all types of AC and DC electric motors.

Bradford Armature Winding Company Ltd - Electric Motors

Armature winding can be defined as, an electrical machine in which emf can be generated because of the air gap field flux. It must be noted that the air gap is produced because of the DC current flow in the winding. In general, this winding is housed on slots of the stator & the field winding on rotor slots.
