Humans are a recent event in the planet's history, but we've wasted little time in making our mark. The range of our achievements has created a rich and elaborate heritage that we have the unique ability to capture and record-meaning we can look back and learn from the road traveled. Timelines of History begins with the emergence of our earliest African ancestors and takes the reader through the history of cultures and nations around the world to arrive at the present day-the beginning of a new millennium. A dynamic, layered timeline zooms in and out of time, speeding up or slowing down to keep pace with the size and scope of events.

Journey through a mammoth timeline, richly illustrated with over 1,500 photos, maps, and illustrations. Written in association with the esteemed Smithsonian Institution. A beautiful visual reference book with key events of world history, written in an elementary language for budding historians. Take chronological steps through human history, starting long before we even began to write. Learn about significant global events like the rise of different societies, revolutions, invasions, and new discoveries. Meet the most memorable people from the history books. The charismatic leaders, brutal dictators, influential thinkers, and innovative scientists from all around the globe. Written with kids ages 9 to 12 in mind, this book uses unpretentious language and gives straightforward fun facts. The "Child Of The Time" feature encourages young people to imagine themselves in the past and lets them know that children had a place in history. Older readers will love this engaging educational book too! Dive in and discover the parts of the past you haven't yet discovered. The multitude of photos, maps, and graphics make reading about history simple and enjoyable. This visual reference guide provides the reader with an overview of the most fascinating events in history, with concise and bite-sized information. Follow the timeline from our most distant past, all the way through to recent events that you may still remember happening! The History Of The World, From The Stone Age To The Digital Age Go beyond American history and explore the world in this modern twist on an old-fashioned history book. It is easier to follow, organized along a timeline with photos of archaeological artifacts, old maps, and exciting pictures. You won't just read about world history. You'll see it too, right from your armchair. Take a step back in time! - 6.5 MYA - 3000 BCE Before History Began - 3000 BCE - 700 BCE Really Ancient History - 700 BCE - 500 CE Much More Civilization - 500 - 1450 The Marvelous Middle Ages - 1450 - 1750 Exploring and Reforming - 1750 - 1850 Time for Change - 1850 - 1945 Empires and World Wars -

## 1945 - Present Fast Forward

Humans are a recent event in the planet's history, but we've wasted little time in making our mark. The range of our achievements has created a rich and elaborate heritage that we have the unique ability to capture and record-meaning we can look back and learn from the road traveled. Timelines of History begins with the emergence of our earliest African ancestors and takes the reader through the history of cultures and nations around the world to arrive at the present day-the beginning of a new millennium. A dynamic, layered timeline zooms in and out of time, speeding up or slowing down to keep pace with the size and scope of events.

The Mises Institute is thrilled to bring back this popular guide to ridiculous economic policy from the ancient world to modern times. This outstanding history illustrates the utter futility of fighting the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!

History buffs love to immerse themselves in the details of past eras. But sometimes, one can get bogged down in the minutia of times gone by and fail to grasp the significance of the bigger picture. This volume from historian James Johonnot is the antidote to overly compartmentalized history texts, offering a broad perspective on the major events that coalesced to shape the world we live in.

This is the first volume of H.G. Wells' popular and groundbreaking general outline of history. This edition is presented with high resolution illustrations.

Caution: this book is a document from the future, on how the United States finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D. Dateline: 2029. The "One Nation, Indivisible, ....." finally divides. - A political satire.
