It wasn't until this model achieved genuine sales  
momentum that Renault realised quite what a winner  
they had on their hands with the Scenic sub-brand.  
Hugely popular with families who either didn't want or  
couldn't afford a full-sized MPV but for whom a  
traditional hatch or saloon didn't quite cut it, the  
Scenic became a model in its own right in June 1999.

This restyle affected only the five-door, Classic, Coupe and Convertible models: the Scenic was re-launched as a model in its own right in Autumn '99. New 1.8 16v and 1.9dCi engines were introduced in late 2000 when the range was split into a number of 'Collections', being rebadged Authentique, Expression(+), Sport, Dynamique(+) and Privilege(+).

The Megane Scenic is the model that started the compact people carrier market. Renault noticed a gap in the market where buyers were looking for versatile space without exterior bulk. Keen pricing, unheard of practicality and a roomy, raised seating position gave it instant family-appeal and it proved a massive success, winning European car of the year in 1997.

The Renault Scénic is a compact multi-purpose vehicle produced by French automaker Renault, the first to be labelled as such in Europe. It is based on the chassis of the Mégane small family car. It became the 1997 European Car of the Year on its launch in November 1996. The second, third and fourth generations have a model called Grand Scénic, which has seven seats rather than five. From the fourth generation, the Scénic now utilizes three/four bench rear seats instead of three ...
