Should Denmark follow the European Union's move towards higher degrees of integration? And, had there been enough change in Norway to reverse the rejection of European Community membership in 1972? These key questions about the future of European integration are addressed in this highly topical book by examining the crucial role played by national identity.

European Integration and National Identity | Taylor ...

Furthermore, McLaren argues that people perceive European integration as a threat to their own national identity and that rather than rationally calculating costs and benefits of integration they fear the loss of influence of the nation-state (cf. McLaren 2002: 554).

European Integration and National Identity - a comparison ...

Early theorists of European integration speculated that economic integration would lead to political integration and a European identity. A European identity has not displaced national identities in the EU, but, for a significant share of EU citizens, a European identity exists alongside a national identity.

European Integration, Nationalism, and European Identity*

National Constitutional Identity and European Integration 'National constitutional identity' has become the new 'buzz word' in European constitutionalism over the past few years. Much has been written about the concept.

National Constitutional Identity and European Integration ...

In Germany, participation in European integration to a large degree is seen as a substitute for the lost national identity and pride (Haller, 1999). 14 From this point of view, the emergence of the European Union can be seen as an attempt to establish a new type of nation, maybe even a "supra-nation" (Galtung, 1973).

National and European Identity | Calm.info

While state formation once was closely linked to the rise of nationalism and the political construction of national identities, European integration seems to presuppose at least a condition beyond exclusive nationalism and is even hypothesised to be associated with the rise of what Marks (1997:35) has called "nested identity".

European Integration and the Idea of European Identity

As part of European integration the Member States carry with them specific cultural and historic national identities. At the same time a Union of States like the EU implies a minimal degree of coherence and common identity. From this standpoint who are the Europeans and what are the foundations of this European identity ?

Europe and the identity challenge: who are "we"?

This article posits that national identity is an important element in explaining attitudes towards the European Union. A model of support for European integration is developed that suggests that feelings of national identity are highly important in an individual's choice to support the EU. The impacts of three alternative conceptualizations of national identity are tested.
