The IB Mathematics curriculum change is significant. The 4 current subjects (Studies, SL, HL & Further) are being replaced by two “routes” that can be taken at either a Standard Level (SL) or Higher Level (HL). The two routes are “Analysis & Approaches (AA)” and “Applications & Interpretations (AI)”.

### **IB Mathematics - New Curriculum Information [2021]**

Title: TopClassTutors.ORG IB Mathematics HL revision guide. The IB Math HL revision guide covers the syllabus for exams from May 2014. Mathematics across the IB continuum The IB continuum of international education provides a progression of learning for students aged 3–19. In the IB Primary Years Programme (PYP), mathematics is viewed primarily as a vehicle to support inquiry, providing a universal language through which we make sense of the world around us.

## **Mathematics guide - IB Documents**

The IB DP Mathematics: analysis and approaches course recognizes the need for analytical expertise in a world where innovation is increasingly dependent on a deep understanding of mathematics. The focus is on developing important mathematical concepts in a comprehensible, coherent and rigorous way, achieved by a carefully balanced approach.

## **International Baccalaureate Diploma Programme Subject Brief**

The IB does not do a good job of distinguishing between the four courses, but from what I can gather, Mathematical Studies SL is the lowest level of mathematics, then Mathematics SL, then Mathematics HL, then Further Mathematics HL. Four new IB Math class options have been available since August 2019 and will have their first assessments in May ...

### **Ib Math HI Course Guide - mail.trempealeau.net**

The SL maths courses mean 150 hours of classes, whilst a HL maths course is taught over 240 hours (remember, these class hours are spread over two years - phew!!!). Knowing the amount of time you'll be spending on a subject is a good way to decide which level to take.

### **Super Simple Guide to the New IB Maths Courses 2019 ...**

Internal assessment is an integral part of the mathematics HL course, contributing 20% to the final assessment in the course. This weighting should be reflected in the time that is allocated to teaching the knowledge, skills and understanding required to undertake the work as well as the total time allocated to carry out the work.

### **Mathematics HL guide - Desert Academy**

The IB recommends 240 teaching hours for HL subjects and 150 hours for SL. Subjects at HL are studied in greater depth and breadth than at SL. At both levels many skills are developed, especially those of critical thinking and analysis. At the end of the course, students' abilities are measured by means of external assessment.

### **Mathematics: analysis and approaches guide**

We have spent a lot of time in the past few months preparing for the new IB Math courses. In fact, with schools starting, our Diploma Programme (DP) and Career-related Programme (CP) educators are doing first teaching of these new courses even as we speak! Plus, our university colleagues are answering questions on the road and working with their institutions on adjusting their admissions and ...
