### International political economy and poststructural ...

Although poststructuralism has become an increasingly important theoretical perspective within International Studies, the engagement between international Political Economy (IPE) and poststructural theory has been sporadic and antagonistic.

### International political economy and poststructural ...

Poststructural research in International Political Economy (IPE) is a relatively young and growing field of studies that includes a variety of in part very diverse theories and approaches. These approaches to IPE emphasize the contingency of

### Poststructural Research in International Political Economy

Abstract. Engagements between International Political Economy (IPE) as a field of thought that thinks critically about 'the unique problematic of the operation of the modern economy within a fragmented political system' (Palan 2000: 17), and poststructural politics, have been sporadic and antagonistic. It is possible to say that IPE has been particularly resistant to poststructural intervention.

### Everyday Life in the Global Political Economy | SpringerLink

Post-structuralism is the literary and philosophical work that both builds upon and rejects ideas within the intellectual project that preceded it: structuralism.. Structuralism proposes that one may understand human culture by means of a structure modeled on language (structural linguistics).This understanding differs from concrete reality and from abstract ideas, instead as "third order ...

### Post-structuralism - Wikipedia

Poststructural research in International Political Economy (IPE) is a relatively young and growing field of studies that includes a variety of in part very diverse theories and approaches.

### Post-Modern and Post-structural International Political ...

International political economy studies problems that arise from or are affected by the interaction of international politics, international economics, and different social systems (e.g., capitalism and socialism) and societal groups (e.g., farmers at the local level, different ethnic groups in a country, immigrants in a region such as the European Union, and the poor who exist transnationally in all countries).
