with crime and disorder, which sustains processes of marginalization and exclusion and leads to frequent 'panics' about youth crime.

## **[PDF] Understanding Youth and Crime: Listening to Youth ...**

As such, these explanations of youth crime are various, diverse and contradictory. In western advanced liberal societies, the dominant perspective for explaining youth crime tends to attribute crime to risk, known as the 'risk-factor paradigm' and includes key research studies into youth offending, such as David Farrington's research which emphasises three key risk factors attributed to youth offending; these are: individual or personality factors, family membership and community or ...

## **Crime And Justice PDF**

How are “communities” (broadly defined) important in understanding the nature and extent of (youth) crime? Rather than focusing solely on characteristics of individuals, or criminal justice policies, those who are interested — perhaps especially in cities — in doing something about crime might consider what can be done to create communities that are associated with low crime rates.
